

UAB AMBASSADOR PROGRAM

The Ambassador Program allows practitioners and legally designated staff to have complete access to their patients' UAB records, including admission and discharge summaries, clinical notes, activities and lab results through a secure web portal. This innovative tool improves communication between UAB Medicine and referring practitioners, enhancing continuity of care. There is no charge to participate in this program.

To request access to the program, please complete and fax the attached form to Physician Services at **205.731.6406**. A secure token, user ID and password will then be created for you. A physician liaison will visit your office to provide training on the use of the program.

As a practitioner who will be granted access to the protected health information (PHI) provided within Ambassador, you acknowledge and agree to the following UAB Health System Security Policies:

- The PHI you access is for the continuation of patient care of your patients only.
- Your logon and token cannot be shared with additional personnel other than the Primary User listed on your request form.
- You are responsible for all activity and usage associated with your logon. Logon activities are regularly monitored.
- When viewing PHI via Ambassador, you will not leave the computer terminal unattended and will log off once you have completed your task.
- This privilege will be terminated immediately in the event you view data or medical information of individuals who are not your patients.
- UAB cannot guarantee that Ambassador will be accessible during a medical emergency.
- UAB cannot guarantee the accuracy, completeness or timeliness of the information within Ambassador.
- To be connected with other physicians within the practice, the Consent to Link Provider Practice section must be completed and on file with UAB Physician Services.

If you have any questions or need additional information regarding Ambassador or UAB Medicine, please feel free to contact Physician Services at 205.934.6890.

CONSENT TO LINK PROVIDER PRACTICE

Under HIPAA regulations, In order to connect a practice within Ambassador, UAB Physician Services must have the consent of each provider wishing to participate. UAB Physician Services will only connect those providers who agree to share their patient lists. Should a practice's provider choose not to participate in the practice connection, he or she will not appear in the practice group, and the patient list can only be accessed by their individual Ambassador token. A provider can be removed from a practice group at any time, and Physician Services should be notified if a provider leaves or relocates to another practice.

Please fax the completed form to Physician Services at 205.731.6406. For additional information or questions regarding this feature, please call our office at 205.934.6890. Thank you for choosing UAB Medicine.
