BY APPOINTMENT ONLY

Patients planning a medical procedure at UAB Medicine may require pre-procedural COVID-19 testing.

COVID-19 testing is not required for:

- Patients who are **NOT** exhibiting COVID-19 symptoms **and** are fully vaccinated (14 days since receiving the second dose of Pfizer and Moderna or the single dose of Johnson & Johnson).
- Patients who have had COVID-19, and have been deemed by their physician in the patient's medical record to be COVID-convalesced.

For all other patients, a COVID-19 test will be required prior to a scheduled procedure. These will be scheduled in one of the UAB Medicine labs or as a part of your pre-procedure clinic appointment. The procedure scheduling department will contact you to schedule your COVID-19 test appointment.

PROCESS

- Arrive at your designated testing site (The Kirklin Clinic or the Whitaker Clinic) and proceed to the second floor Laboratory.
- Lab staff will check you in and you will wait in the second floor Lab waiting area.
- Lab staff will escort you into the Lab.
- Lab staff will instruct and observe you while you perform a COVID self-swab test.

RESULTS

- Your results will be available in the myUABMedicine Patient Portal and will be provided to your physician.
- Make sure to create an account in the myUABMedicine Patient Portal at uabmedicine.org/me to see a copy of your test results after your test.
- Your printable results will be posted on the myUABMedicine Patient Portal.
- You will only receive a call from UAB Medicine if your results are positive.
